# About Us

*Mansman Mining Company Limited is a Zambian company dedicated to the responsible sourcing and supply of minerals and mining services.*

We strive to empower communities, drive economic growth, and provide high-quality minerals to international markets. Our company is strategically positioned to supply gemstones and base metals, ensuring that our clients receive premium-quality materials with seamless logistics and transparent transactions.

Beyond mineral supply, Mansman also provides comprehensive mining consultancy services, facilitating Joint Ventures (JVs) and strategic collaborations between mine owners and investors.

Our experienced technical team of consultants is available upon request to support operational efficiency and project execution.

*Since the 1960s, Zambia has been a global leader in producing some of the **highest -grade copper deposits.***

Over the years, the country has expanded its mining sector beyond copper to include cobalt, nickel, manganese, and other precious minerals. At Mansman Mining Company Limited, we continue this legacy by offering a diverse range of mineral resources, including:

- Copper (Concentrates, Cathodes, Blisters)
- Cobalt, Iron, Lead, Zinc, Nickel, and Chrome
- Gold, Silver, Platinum, and Tantalum
- Tantalite, Tin, and Manganese

# Corporate Philosophy

## *We Are Because You Are*

We recognize that businesses today must operate beyond financial success—they must contribute to society, foster inclusivity, and champion responsible resource management. We are committed to building strong relationships, not only within our immediate business communities but also on a global scale, ensuring mutual growth and prosperity.

### OUR MOTTO

"Innovation and  
Creativity Partner."

At Mansman Mining Company Limited, we believe in Innovation & Creativity as the foundation of our operations. Our philosophy is centered around sustainable development, ethical business practices, and global collaboration.

## Our Mission

To bridge the gap in mineral trade between Africa and international markets, delivering reliable products and services through dedication, efficiency, and competitive pricing, while fostering long-term, mutually beneficial business relationships.

## Our Vision

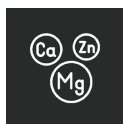

To be a leader in the global mineral trade, facilitating sustainable mining practices, fostering partnerships, and delivering value-driven solutions to our stakeholders.

# Nature of Business

Mansman Mining Company Limited operates as a mineral supplier, distributor, and facilitator of mining-related services. Our core activities include:

## Mineral Supply & Trade

Sourcing and delivering minerals to local and international markets.

## Mining Consultancy & Investment

Connecting mine owners with investors and joint venture opportunities.

## Construction & Equipment Supply

Provide mining equipment, construction materials & related resources.

## Agro Products & Services

Offering agro-based commodities and technological solutions.

# Leadership & Governance

## Executive Leadership

### Mustapha Osuman

Founder & CEO

***Mr. Mustapha K. Osuman is a distinguished entrepreneur with a remarkable track record spanning over 30 years.***

Mr. Mustapha K. Osuman is a distinguished entrepreneur with a remarkable track record spanning over 30 years. He has founded, led, and been a shareholder and director of numerous companies across diverse industries, including telecommunications, real estate, wood treatment, chemical supplies, and mining. His visionary leadership has played a pivotal role in shaping businesses that drive economic growth and innovation across Africa and international markets.

He is the founder of Itsalat Group of Companies (Zambia), where he remained a shareholder until 2019. Under his leadership, the company became one of Africa's foremost distributors of Samsung electronic products. Over the past decade, Itsalat and its affiliated and subsidiary companies in Ghana, Mauritius, Côte d'Ivoire, and Zambia collectively generated a turnover exceeding USD 1.3 billion, solidifying its position as a major player in the industry.

Currently, Mr. Osuman leads Dyna Pro Limited, a holding company comprising six subsidiary companies across various industries. Partnered with experienced industry leaders, Dyna Pro is dedicated to driving impactful business solutions while fostering economic development. Additionally, the company is aligned with Food Secure Africa, a non-governmental organization committed to addressing food security challenges across the continent.

Through Dyna Pro and his extensive business ventures, Mr. Osuman continues to bridge Africa with global markets, fostering innovation, sustainability, and transformative growth.
